

TITLE: Use of the Provisional License to Qualify for Highly Qualified Status

The Hawaii Teacher Standards Board approves the granting a **one year, non-renewable provisional license** to candidates who have met the following criteria:

- Have completed a state approved teacher education program;
- Have passed basic skills and content test required for the license field sought;
- Meet the Professional Fitness requirement;
- Have submitted the HTSB application and necessary documentation for the license; and
- Have paid relevant fees.

Effective June 1, 2011, those holding the provisional license shall have **one year** to be considered Highly Qualified under the provisional license and to complete any outstanding requirements to hold a standard license and apply for the standard license through the regular HTSB process.
